

Virtual Event FAQs

WHAT WILL I SEE WHEN I ENTER THE VIRTUAL EVENT?

When you arrive, you will be in the event lobby. From here, if you are early you can pop into the **Lounge** to chat with other attendees, once the program starts for the day you can visit **Live – Happening Now** to participate in the live stream of the program, explore and watch the individual sessions under the **Program**, view the expert speaker roster under **Speakers**, see who's attending the event under **Network**, check out and network in the **Lounge** and **Chat Rooms**, visit the **Help Desk** for information on how best to navigate the event and much more!

HOW DO I WATCH THE SESSIONS?

Access educational market intelligence through virtual panels, expert interviews and keynote discussions during and after the event. At the scheduled event time, you can click on **Live – Happening Now** to automatically watch the live stream of the program. You can also access the live video stream by clicking on individual sessions under **Program**.

If you join late, no worries—you will join the sessions already in progress and the full event will be offered on-demand once it's over. To note, registration for an individual session is not required but we do recommend that you add a session to **Add to Your Schedule** for easy reference!

WILL SESSIONS BE AVAILABLE TO WATCH AFTER THE EVENT?

Yes! For the first time, watch sessions at your convenience, post event. No longer do you need to select only one concurrent session. See them all **On Demand** later. REF Members have until Dec 31, 2020 to view the sessions while conference attendees have two full weeks!

CAN I ASK QUESTIONS AND POST COMMENTS DURING A SESSION?

To save time, we solicited questions for the speakers prior to the event going live. We do have a number of speakers present in the **Lounge** following their presentations to do just that.

You can also connect with other attendees throughout the session by using the **Chat** featured on the right-hand side of the screen. You can leave a comment, ask a general question of the attendees, post an emoji, or respond directly to another attendee.

HERE CAN I FIND SESSION RESOURCES AND TAKE NOTES?

Session resources will be listed under the session details. You can save resources to **Document > My Briefcase** to access later.

For those of you who would like to follow along and take any notes during the presentations, you can do so by clicking on the **Add Your Notes** button located at the bottom of the video window. Notes will be stored in **Notes > My Briefcase**.

Remember to download everything that you want to keep before the two weeks post event access cut off as these will not be available to you after that. REF Club Members have access until end 2020.
